TYPOGRAPHY

Lettuce Print uses Sharp Grotesk Book 20 and SmBold 20.

The *semi-bold style* should be used for headers and sub-headers, while the *book style* should be used to body copy and smaller text that need legibility.

PATTERNS & GRADIENTS

For patterns we use the heart icon and repeat them in different patterns to add cisual texture when creating Lettuce branded materials.

We also use a few variants of gradients to use as backgrounds, since it may be a little flat to use solid green backgrounds.
